### **PUBLIC NOTICE**

## **ACTA COUNCIL REVISES OPERATING PRINCIPLES & PROCEDURES AND SUBMISSION GUIDELINES EFFECTIVE OCTOBER 1, 2015**

October 1, 2015

Effective October 1, 2015 the Administrative Council for Terminal Attachments (ACTA) approved Version 4.1 of ACTA Operating Principles & Procedures (OP&P) and Version 4.0 of the ACTA Submission Guidelines and Procedures. A summary of these changes to both documents are contained below. These documents supersede all previous versions.

OP&P Version 4.1, Summary of Changes:

- Modified process for submittal for proposed ACTA Adopted Technical Criteria, specifically regarding the proposed adoption timeline.
- Minor formatting and editorial changes throughout document.

Submission Guidelines and Procedures Version 4.0, Summary of Changes:

- Addition of new filing type for Stabilized Maintenance (Sections 3.1, 3.4.2, 3.5, and Appendix J).
- Modification of general information text regarding maintenance of the ACTA Database (Section 3.4.1).
- Update reference to ATIS-0300223 to current edition of standard.
- Minor formatting and editorial changes throughout document.

Both documents are available via [part68.org](http://part68.org).

Questions and comments about this notice should be submitted to the ACTA Secretariat via e-mail at [acta@atis.org](mailto:acta@atis.org), or by phone at +1.202.628.6380

### **About ACTA**

The ACTA is an open organization established to: (1) adopt technical criteria and to act as the clearing-house, publishing technical criteria for terminal equipment developed by ANSI-accredited standards development organizations; and (2) establish and maintain a registration database of equipment approved as compliant with the technical criteria. ACTA is jointly sponsored by the Alliance for Telecommunications Industry Solutions (ATIS) and Telecommunications Industry Association (TIA).
