Re: Completed Technical Updates to ANSI's "TCB Evaluation Form", ANSI-ACP-FR-026, Scope C

Dear Friends at ACTA;

SDO TIA TR-41.9, via its working group, has completed updating those line items previously determined by the ACTA to be *technical* in Scope C of ANSI's "TCB Evaluation Form", ANSI-ACP-FR-026. It is attached herein - in both text and spreadsheet format, whichever format may be found by ANSI to be most useful today and for future review / update as will be necessary.

As the technical portions of the ACTA's Adopted Technical Criteria are themselves updated over time as the ACTA adopts newer Technical Criteria, TR41.9 offers to periodically receive this Checklist back from ANSI and update it accordingly...all in the interest of keeping ANSI's TCB Assessment processes current.

Regards,

PHILLIP HAVENS
